

COMMUNITY LEARNING DELIVERY PARTNERS

Community Learning (CL) offers a broad range of provisions that brings together adults, often of different ages and backgrounds, by helping them to pursue interest, address a need, gain a new skill, become healthier or learn how better to support their children.

To achieve this, the College works closely with our three main partners, Claverham Community College, Education Futures Trust and Rye Partnership, in meeting the needs of the community. We are also members of the Hastings and Rother Adult and Community Learning Forum.

The key areas of focus for our Community Learning provision are:

- To maximise access to Community Learning for all adults, bringing new opportunities and improving lives.
- To promote social renewal by bringing local communities together to experience the joy of learning and the pride that comes with achievement.
- To help maximise the effect Community Learning has on the social and economic well-being of individuals, families and communities.

CLAVERHAM ADULT EDUCATION

Claverham Community College has been the main provider of adult education in Battle for over 20 years.

We arrange courses for adults at the main college site and other venues in Battle and the surrounding villages. They are tailored to the needs of the learners, with courses ranging from one-day workshops to 30-week diplomas.

For further information, contact the Community Office on **01424 775375** or at com-ed@claverham.e-sussex.sch.uk

RYE PARTNERSHIP

The Rye Partnership is an economic and social regeneration company that leads on the provision of 10-hour adult education and family learning sessions in Rye and across the Hastings, Bexhill and Romney Marsh areas, in partnership with other education providers.

Our courses are designed to meet the needs of the rural and urban communities that we serve, with an emphasis on helping members of the community to reach their potential and to follow a life-long pathway of learning.

For more information on our short courses, please contact your nearest provider, or Tina Hall, learning administrator, on **01797 229600** or at tina.hall@ryepartnership.org

EDUCATION FUTURES TRUST

As a charity, the Education Futures Trust aims to improve the life chances of all learners in Hastings and the surrounding area, primarily through education. This year, we are leading the partnership that delivers the 10 hour courses in Hastings and Bexhill, as part of the Sussex Coast College Community Learning contract.

Our courses are designed to meet the needs of the local community that we serve, and provide a platform of new experiences and learning to the residents. By working together as a partnership to deliver these courses, we are able to provide a variety and diversity of experience beyond that which any one of us could offer.

For more information on our short courses, please contact your nearest provider or Mel Carn on **01424 722241** or visit our website: www.educationfuturetrust.org
